

Driver CPC Modular Periodic Training (3.5 hours)

Fuel Efficient Driving and the EU Road Transport Industry (CRS8062/1641)

Aims and Objectives

With pressure on road haulage companies to reduce their CO2 emissions, this course will ensure delegates acquire a full understanding of fuel efficient driving with practical guidance that drivers can apply to their own practice. The course also outlines the social dimension of the road haulage sector in the EU and the anticipated changes to EU legislation based on the 2014 report.

Course Content

- Monitoring CO2 Emissions
- The Fuel Efficient Driver – how to reduce fuel consumption
- Fuel Efficient Operations
- The EU and cleaner transport
- The State of the EU Road Transport Market (2014 Report)

Suitable For

This course will contribute towards compulsory DCPC periodic training required for all drivers, new and existing, who drive professionally and require a LGV licence to work. It is being conducted by a JAUPT approved training centre.

Course Duration	3.5 Hours (This module should be taken with another 3.5 hour module to gain the full 7 hour requirement for DCPC Periodic Training)
Max No. of learners	20
Location	Available at TFR Training centres across North Staffordshire
Dates	Selected Dates in July, August, September 2014
Record of hours	This module must be taken with another 3.5 hour module within the same 24 hours. On completion of the 7 hours of training, your hours will be uploaded onto the R&E database.
